Release Notes:

Version 2021.00 (*Released 02/25/2021*)

- **§1.401(a)(9) Table:** This has been updated to reflect the changes to the §1.401(a)(9) table, which is used to calculate Required Minimum Distributions (RMDs). This change goes into effect on 1/1/2022 and will impact almost all of the RMD calculations.
- **Life Expectancy Table Feature:** A new tool for the Life Expectancy tables was added. Clicking on this menu item will now load a screen that will allow you to select between the single, uniform, and joint life expectancy tables either under the new §1.401(a)(9) rules (2022+) or under the old rules (2002-2021).
